

In response to the inquiry of May 12, 2006:

The \$535.12 in payments disclosed on Schedule D, made to eight vendors, do not appear on Schedule B because they are below the \$200.00 Schedule B reporting threshold.

Regarding expenditures disclosed on Schedule B for apparent public communications or voter drive activity, none contained express advocacy with respect to any candidate for federal office.

Regarding debts to various named vendors that differ in amount in the closing balance of the 1/31/06 year-end report, from the amount in the opening balance of the 4/15/06 quarterly report, an amended April quarterly is being filed separately.
